Comments on Statement of Reasons for Allowance.

Dear Mr. , Andrea M. Valenti,

It is my pleasure to get the Notice of Allowance from you for my this patent application, I appreciate all your sincere efforts in this application.

In my consideration, The content of claim 6 should be added in the "Statement of Reasons for Allowance" too: the animals feeding by maggot and pupa could be the nourishing food for human in space.

In my understand my patent filing date should be July 15, 2003 that is a CIP (Continuation-in-part) application filing date (Its application number:10/619,130), not my first application filing date of June 25,2002 (Its application number: 10/178,344). Is this correct?

When I should pay the maintenance fee?

Herewith I attach:

- 1, a pay check of US \$1000 for issue fee and publication fee;
- 2, A filled form of Part B-FEE(S) TRANSMITTAL
- 3, A returned postcard;

Best regards,

Sincerely,

A handwritten signature in black ink, appearing to read "Zhang Mao".

Mao Zhang (Applicant)
